

WOMEN'S RESOURCE CENTER

Commitment to Diversity, Equity, and Inclusion

WRC welcomes each person to bring their true and authentic self. We respect differences and invite each person's unique perspectives in order to create an environment that is welcoming, collaborative, adaptive and culturally relevant. We acknowledge that systemic inequities and injustices impact our diverse experiences and the experiences of those we serve.

The Women's Resource Center does not discriminate in the provision of services on the basis of race, color, sex, sexual orientation, religion, national origin, ancestry, age, or ability.

WRC commits to using its best efforts to:

1. Provide a brave and courageous space where everyone can express a range of human differences through openness, and intellectual and cultural humility.
2. Incorporate diverse perspectives, needs, contributions and viewpoints in core decisions about the identity, structure, goals, and future of the organization.
3. Recognize that resources and opportunities are not distributed equitably throughout the communities we serve, that people have different access to resources because of systems of oppression and privilege.
