Diversity Spotlight

The senseless murder of eight people in Atlanta on March 16, six of whom were Asian women, brought to light many of the issues WRC's Diversity, Equity and Inclusion (DEI) Task Force is grappling with. Over the years, the Women's Resource Center has sought to give a voice to women in the community. WRC, along with our DEI Task Force, condemns the March 16 murders and all racially motivated acts of violence and hatred. WRC seeks also to amplify voices of women of color and minority women and invite you to join us. First, read this [article](#) authored by Nancy Wang Yuen in its entirety and to gain a greater understanding. Secondly, share this article with everyone you know and invite them to understand it as well. This narrative needs to inform the headlines and response to the murder of six Asian women in Atlanta.
